This exclusive residential complex comprises two apartment buildings with a high standard of finish. Each building has only 16 unique apartments. They have successfully transformed the traditional concept of an apartment building into that of a true high-rise villa, hence the name for these luxury apartments: Madroño Sky Villas.

The luxury apartments feature spacious communal areas with beautifully landscaped gardens and swimming pools, including one measuring 38 meters in length. A fitness room within the complex, exclusively for the owners, completes the experience. The privileged location offers panoramic views of the golf course and the Mediterranean Sea. The project distinguishes itself through its privacy and natural beauty.
